

TRAINING OF MC AND TECHNIQUE PRESENTATION OF COMMUNITY ENGAGES (BKM) NUGROHO WATES KULONPROGO

by Purwanto, Sutirman, Chusnu Syarifa Diah Kusuma

ABSTRACT

Community service activity aims to provide skills to be MC or anchor, giving provision of presentation techniques and mentoring participants to practice MC and make presentations. The methods used in community service activities include lecture method, question and answer and discussion as well as practice. The goal is to provide experience in managing the performance so as to enhance the skills of the participants.

The results of the Community Service activities are: 1). Training materials are well received by the participants and get a positive response. 2) Most participants stated that material pelatihan really help participants to develop themselves. Participants become more confident and better equipped to become meeting leaders, make presentations and become MCs. 3). The number of invited guests was 30 people, consisting and the members of BKM Nugroho Wates Kulon Progo. Apparently the attendee reached 83% of 25 people. 4). The training materials are tailored to BKM's situation, condition and power in the environment of presentation techniques, tips on being a good MC, and the practice of performing basic techniques of presentation and MC. 5) Participants gain important knowledge and valuable experience that can be used when they have to appear as MC, present something or lead the meeting.
