

TRAINING OF HOW TO DEVELOP INNOVATIVE GUIDANCE TECHNICAL FOR JUNIOR HIGH SCHOOL COUNCELORS

by Farida Harahap, Kartika NF, Rosita EK

ABSTRACT

Innovations in school guidance must updated. BK teachers have many opportunities to develop a range of creative techniques and innovative guidance either independently or in groups. The purpose of this PPM is to introduce how to develop innovative counseling techniques, especially the technique of photo voice and ekspresive BK writing teacher at SMP. PPM implementation will take place over two days of training activities. Implementing activity is a lecturer in Psychology and Prodi Prodi BK in FIP UNY with participants of about 30 for the BK junior high teacher. Brainstorming training activities, lectures, discussions, games and simulations. Results of PPM : participants haved skills to build different techniques of innovative guidance, arranging various techniques independently and in groups and practice it together.
