

SOCIALIZATION AND IMPLEMENTATION OF SPORTS GATEBALL FOR TEACHERS MGMP PENJASORKES DISTRICT PURBALINGGA CENTRAL JAVA

by Fatkurahman Arjuna, Danardono, Nawan Primasoni, Yuyun Ariwibowo

ABSTRACT

Gateball sports have characteristics that are almost similar to the sport of woodball or golf, where the target in this game is trying to put the ball into a predetermined target, which distinguishes this sport with golf or woodball is the arrangement of players played not individual but group.

The PPM program with the socialization and invitation of gateball sports aims to provide socialization and simulation of games (festivals) for teachers PenjasorkesSe Purbalingga regency of Central Java, so that this Gateball sport more can be known or can be played thoroughly both Penjasorkes teachers and students who diampunya school.

Socialization activities and Implementation of gateball sports both theory and practice get high appreciation from teachers with marked enthusiasm and spirit of participants in following the game given from the beginning to the end of the activity.

Socialization and simulation of gateball games for teachers of PenjasorkesSe Purbalingga District, so that this Gateball sport can be better known or can be played thoroughly both Penjasorkes teachers and students who diampunya school. In addition, teachers can recreate the form of the game into physical education learning activities or even extracurricular activities
