

BUILDING A READING COMMUNITY BASED ON LOCAL POTENTIAL FOR YOUTH IN KRAPYAK MARGOAGUNG SAYEGAN SLEMAN

by Supardi, dkk

ABSTRACT

Society still has difficulty in developing a reading community based on local potential advantages. This causes less than optimal exploration and development of the potential of the local community. This service aims to; 1) Helping solve community difficulties in developing a literacy system based on local potential, 2) Helping develop a pattern system to build reading awareness in the youth community

Implementation methods include discussion, group work and mentoring

The result of PKM is the formation of a reading community at the location

Kata Kunci: *literacy, community*
