

E-LEARNING BASED RESEARCH TRAINING TRAINING IN COVID 19 PANDEMIC ERA FOR HIGH SCHOOL HISTORY TEACHERS IN BANTUL DISTRICT

by Dr. Miftahuddin, M.Hum

ABSTRACT

The community service program which was held in Bantul with the title Training and Historical Research Assistance for History Teachers in Bantul Regency. This activity program is expected to (1) motivate high school history teachers in the implementation of e-learning-based historical research in the 19th pandemic era, (2) improve the understanding of high school history teachers in implementing e-learning-based historical research in the co-pandemic era 19, (3) improving the abilities and technical skills of high school history teachers in conducting e-learning-based historical research in the covid pandemic era 19.

This training and assistance program is conducted for two days with a minimum of 16 hours of meetings. The number of participants was 25 history teachers in Bantul Regency who had the will and ability to be trained. The material provided is about historical research and research methods.

This training and service program uses three methods, namely: lecture, question and answer, and simulation. Evaluation on this aspect of the organization was carried out by giving a questionnaire and indicators of the success of the training were measured during the training process and after the training.
