

INNOVATIVE LEARNING MODEL TRAINING FOR EDUCATORS IN LASEM DISTRICT, REMBANG DISTRICT

by C. Asri Budiningsih, Haryanto, Ch. Ismaniati, Dian Wahyuningsih, Novi Trilisiana

ABSTRACT

Abstract

This Community Service Program aims to improve the understanding and skills of educators in Lasem District, Rembang Regency towards innovative learning models. This activity was attended by 21 educators who had the potential to be given training. This training was held at MI An Nashriyah in Lasem District. The methods used in this training are brainstorming, lectures, simulations, and presentations. The material presented in this training included introduction to innovative learning models, development of lesson plans according to learning and mentoring models, micro teaching simulations, and the application of innovative learning models in the classroom. The results of this training can be seen from the increase in understanding of educators at the end of the training which reached 80% or 19 people. The ability of educators in applying the model also increased to reach a percentage of 85%. Overall the implementation of the training is in the very good category with a percentage of 47% and good criteria (47%).
