ABSTRACT

This activity is motivated by the need for community groups to develop an area around it. The purpose of this activity is to increase the understanding of the people of Kalibening Village about the development of Kalibening tourism village facilities, the Dukun sub-district, Magelang regency to empower local communities and develop facilities in the Kalibening tourist village, Dukun sub-district, Magelang district to empower local communities. As the target of the activity were all the residents of Kalibening village, Dukun sub-district, Magelang district along with spots that were developed into village facilities.

The implementation of this PPM activity has several things that are adjusted to the original plan. Servants initially planned activities in the form of needs analysis, design development, facility construction, and mentoring during facility maintenance. However, the implementation of the PPM in 2018, which was quite short in terms of time, then the initial activities changed to needs analysis, development design, construction of facilities (micro). This is because, at the end of June the facility development design activities have just been completed and at this stage requires time for socialization and discussion with the residents of Kalibening village, Dukun sub-district, Magelang district.

Based on the results and discussion of the implementation of PPM activities in the form of increasing the understanding of the people of the Kalibening Village community regarding the construction of Kalibening tourism village facilities, the Dukun sub-district, Magelang district to empower local communities; and the development of facilities in Kalibening tourism village, Dukun sub-district, Magelang regency for local community empowerment can be concluded as follows: 1) Kalibening Village community during the training generally were able to understand the concept of development and management of Kalibening tourism village facilities, Dukun sub-districts, Magelang regency to empower local communities; 2) the people of Kalibening Village together with the PTSP FT UNY service team together to build facilities in the Kalibening tourist village in the form of providing clean water and healthy bathrooms to optimize tourism villages and to empower local communities; 3) the form of assistance that has been carried out to date is the completion of the construction of facilities in the Kalibening tourist village in the form of providing clean water and healthy bathrooms.
