ABSTRACT

This community service activity aims to motivate teachers in implementing Child Friendly School Management (SRA) during the COVID-19 pandemic, increasing understanding and technical practical skills regarding the implementation and assistance of Child Friendly School Management (SRA) during the COVID-19 pandemic which includes : (1) Motivate (build the will) to increase understanding and competence in implementing Child Friendly School Management (SRA) during the COVID-19 pandemic, (2) Teacher understanding and competence in exploring real problems regarding Child Friendly School Management (SRA) during the COVID-19 pandemic, (3) improving skills in implementing Child Friendly School Management (SRA) during the COVID-19 pandemic.

Methods of activity in this training are Lectures, Discussions, Questions and Answers and Simulations and are carried out in Online Mode because they are still in a COVID-19 situation to maintain health and the spread of the virus. Evaluation of activities is carried out during the process and at the end of the training, on the aspects of achieving training objectives and also in conducting training. Evaluation of the process and results (achievement of training objectives) was carried out by means of a question and answer questionnaire. Meanwhile, the evaluation of the implementation aspects of the training was carried out by providing a questionnaire. Indicators of success in the implementation of training and management assistance for Child Friendly Schools (SRA) during the Covid-19 Pandemic for SMP N 15 teachers in Yogyakarta City, there are 2 methods, namely: (1) evaluation during the training process, and (2) post training evaluation.

The Child Friendly School Management (SRA) training activity during the COVID-19 pandemic was carried out on 16 and 17 June 2021 and went smoothly, the activity was opened by the Principal of SMP Negeri 15 Yogyakarta City. All participants and the PPM team followed enthusiastically. On the first day, 37 participants attended, more than 25 people who were targeted to attend. The first day of the meeting was filled with activities by presenting material related to the management of Child Friendly Schools. The second day's activities were carried out with material presentation and discussion. The activity begins with the presentation of case studies of child-friendly schools in various countries which are expected to be in accordance with the conditions of schools in Indonesia. Evaluation of PPM activities in the aspect of training implementation is carried out by giving questionnaires to participants with the results of the training process more than 100% of participants benefiting from the knowledge and skills that have been provided by the UNY PPM TEAM.
