

CHARACTER STRENGTHS

by Yulia Ayriza, Farida Harahap

ABSTRACT

The background of this grant is the first, learning processes need to be developed that require internet-based technology, secondly, character strengthening courses need to develop blended learning models. The purpose of this grant is for the character learning process for Master of Psychology students.

This grant is an implementation of Blended Learning in the Character Strength course in UNY Psychology Masters students. The procedure is done by arranging online learning which is done on the UNY Besmart website. Participants are Semester 1 students discussing Character Strength lectures in the odd semester of the 2019/2010 school year.

The results of the supported grants are blended learning structured learning processes, the availability of materials that are very diverse, communication learning is not limited to time and place and students can learn independently.
