ABSTRACT

ABSTRACT

Community service activities (PPM) are carried out on the basis of the needs of the target group. The purpose of this activity was carried out to improve teachers' understanding and skills in developing a program of character education integration in learning in elementary schools

This PPM was attended by school principals and elementary school teachers in the Gunung Kidul Regency, totaling 53 people. The method used is lecture, question and answer, discussion, and assignment. This activity was carried out for 2 days. The stages of activities include (1) planning, (2) implementation, and (3) evaluation and follow-up.

Based on the assessment of the products produced by the participants, it can be stated that the ability of participants to compile a program of character education integration programs in the form of RPP learning shows good results. The RPP compiled by the participants is appropriate, containing character values ??for students
