

PELATIHAN PENERAPAN MEDIA PENDUKUNG PEMBELAJARAN HOTS

by UNIK AMBARWATI, HARYANI, SIGIT DWI K, MARDJUKI

ABSTRACT

Community Service Activities (PPM) in the form of training in the application of learning media to support HOTS-oriented learning to elementary school teachers in Sewon sub-district. The goal is to provide an understanding of the concepts, functions, and examples of learning media that can make the learning process active so that students become critical and creative. The method used is a lecture, question and answer, and simulation. The target of the activity is 30 teachers representing elementary schools in Sewon sub-district. The results of this activity will be in the form of a description and design of learning media to support Higher Order Thinking Skill
