

BASED FOOTBALL SCHOOL MANAGEMENT TRAINING “QUALITY MANAGEMENT SYSTEM” ON SCHOOL MANAGER FOOTBALL SCHOOL MEMBERS OF ASKAB PSSI SLEMAN

by SULISTIYONO, DKK

ABSTRACT

Community service with the title **Training on Football School Management Based on a "Quality Management System" for SSB School Administrators, members of Askab PSSI Sleman**, aims to provide knowledge and understanding of skills to Football School Administrators regarding **Management of Football Schools Based on a "Quality Management System"**. **Football School Management Based on a "Quality Management System"** is an effort to improve the performance of SSB management so that the quality of graduates increases. Service activities are carried out using educational and training methods, theory and practice for 2 days supported by training media, facilities and resource persons who are competent in their fields. It is the hope of school principals and SSB administrators who are members of Askab PSSI Sleman to have knowledge, understanding and skills about how the SSB management model based on a quality management system has been achieved. The PSSI Sleman Askab management succeeded in compiling quality standards for SSB management, management evaluation instruments or SSB management performance and SSB management skills based on quality management for school principals or SSB administrators throughout Sleman district
