

TRAINING ON DEVELOPING ENGLISH LEARNING MATERIALS WITH CHARACTER EDUCATION INTEGRATION FOR SENIOR HIGH SCHOOLS TEACHERS IN YOGYAKARTA MUNICIPALITY

by Sugirin, Jamilah, Siti Sudartini, Ani Setyaningsih, Suciati, Joko Priyana

ABSTRACT

The objective of this activity is to improve English teachers' professional competence in providing English learning materials with character education integration. Methods used to conduct the activity are (1) providing a material to improve the teachers' understanding of the importance of developing learning English learning materials with character education integration; (2) conducting workshops on developing English learning materials with character education integration; and (3) giving feedbacks on the developed learning materials. The training was attended by 30 senior high school English teachers in Yogyakarta Municipality. Most participants have realized the importance of integrating character education in developing English learning materials and it is shown that they can develop good English learning materials with character education integration.
