ABSTRACT

Group counseling is oriented on the individual's development and attempts to find strengths rooted in the individual itself to take advantage of group dynamics. The objectives of this group counseling skills training activity is to provide knowledge and skills of group counseling for guidance and counseling teachers of Senior High School/ Islamic Senior High School in Sleman regency. It is conducted because the implementation of group counseling in schools is still rarely to find. This event is participated by 25 guidance and counseling teachers as representative MGBK of Sleman Regency. The results of the activity showed that the training activities of improving the skills of group counseling can improve knowledge, meaningful learning experiences and give motivation for guidance and counseling teachers to conduct group counseling in school.
