

TRAINING WRITING OF SCIENTIFIC WRITING FOR GEOGRAPHIC TEACHERS IN DISTRICT SLEMAN

by Dyah Respati Suryo Sumunar, Suparmini, Sri Agustin Sutrisnowati, Latifudin NF, Rasyid Permana

ABSTRACT

The writing of scientific writing is one of the efforts to develop the profession of high school geography teacher in Sleman Regency. The training aims to (1) equip teachers in terms of strategies to properly prepare scientific papers in accordance with the guidelines for writing, and (2) to equip teachers in scientific journal publication procedures in journals.

The training of scientific writing is done by varied lecture method and practice / practice. The lecture method is needed to explain the procedure for the preparation of scientific papers, including how to arrange classroom action research into a scientific paper. Methods of practice / practice and mentoring are needed to allow the participants to write scientific papers in the form of articles for journals.

The training activity of writing scientific papers can run well as expected, Achievement of the target of the participants is 85 percent, but the achievement of scientific research assistance to be published is still very less that only reaches about 20 percent.
