

# A WORKSHOP IN MAKING GERMAN EXERCISES BY USING HOT POTATOESAPPLICATION (A WORKSHOP FOR TEACHERS OF GERMAN IN CENTRAL JAVA)

by Wening Sahayu, Sulis Triyono, Lia Malia, Tri Kartika Handayani

## ABSTRACT

This community service was aimed at (1) giving teachers knowledge and skills in using Hot Potatoes, and (2) enabling teachers to use Hot Potatoes for making German exercises.

This community service program was carried out in two days. On day 1, the activities cover: (1) distributing materials of the steps of applying Hot Potatoes application (JQuiz, JCross, JMatch) in making German exercises; (2) practicing to make German exercises by using Hot Potatoes Application; (3) having presentations of the results of discussing and practicing to make exercises using Hot Potatoes application. On day 2: (1) exchanging ideas between participants about the implementation of Hot Potatoes application (JQuiz, JCross, JMatch); (2) submitting the product i.e German lesson exercises (that could be done via email) and (3) evaluating the program.

The accomplishment of the workshop program ran orderly as was expected. All participating teachers (100%) understood well the Hot Potatoes application (JQuiz, JCross, JMatch). All of them (100%) practiced to make German exercises by using *Hot Potatoes* application. All of them (100%) were able to apply *Hot Potatoes* application in making German exercises in their own schools.
