

# **Workshop on the Impact of the Covid-19 Pandemic on the Learning Process of High School Physical Education Senior High School in Daerah Istimewa Yogyakarta**

**by Wawan Sundawan Suherman, Abdul Alim, dan Nur Sita Utami**

## **ABSTRACT**

The purpose of this program is to increase teachers' understanding of urgency. Implementation of Physical Education learning during the pandemic and alternative processes learning that can be done. The situation analysis indicates that an online physical education workshop is needed for high school physical education teachers. Workshops will be organized in collaboration with the Department of Education, Youth and Sports and Meeting of Teachers of Physical Education Subjects at the Special Region level Yogyakarta. The workshop aims to be a discussion forum for Physical Education teachers in Organizing physical education lessons online during the Pandemic. DIY Youth and Sports Education Office, DIY Physical Education MGMP, and academic community FIK UNY needs to work together to support the smooth learning process for Physical Education SMA in DIY during the COVID-19 pandemic. Workshop held as a medium communication with high school supervisors, high school principals, and high school physical education teachers throughout the province of DIY to convey aspirations in organizing physical education learning at the moment. Next, find a solution together.
