### **ABSTRAK**

This activity aims to improve community competency in using Javanese language as a means of daily communication and skills in using Javanese traditional clothing. This activity was in the form of training with the title "Training of Traditional Javanese Language and Dressing Application for the Sembur Tirtomartani Kalasan Sleman Community". The target group of community service activities held by a team from the Javanese Language Education Study Program, the Regional Language Education Department of the Language and Arts Faculty of Yogyakarta State University were representatives of the Sembur dukuh community who were community leaders in Padukuhan Sembur, totaling 25 people. This PPM activity is applied in the form of training and mentoring. Training is held for 2 (two) meetings. Assistance is carried out according to the needs of the target audience within two months after training. Community service activities can PPM activities can refresh people's motivation to use Javanese as a daily communication tool, which is reflected in the responses of the trainees. This PPM activity can foster participants' awareness about the need for concrete efforts to preserve Javanese culture that contains noble values. In order to help the community realize the skills of using good and true Javanese as a means of communication and dress in Javanese fashion according to the correct ethics that is suitable for the purpose of this training, the community service team determines the appropriate material. The determination of the material is expected to increase mastery of uploading Javanese language and increasing mastery of Javanese fashion ethics material and its use. In order to improve the mastery of uploading Javanese languages, material was provided related to improving the vocabulary in Javanese language, uploading the use of Javanese, good and correct language use in daily communication and tips on being an MC in simple activities in the community. To improve the mastery of Javanese fashion ethics and the use of Javanese dress ethics material, how to copy cloths, and how to wear Javanese traditional clothing.
