ABSTRACT

SUMMARY OF ACTIVITIES OF PPM

Tourism is one of the fastest growing industries in Indonesia and is proven to provide a large income. Tourism will continue to develop in line with the development of industrialization and changes in lifestyle which cause people to increasingly have the ability to travel and have more time to travel, especially to Indonesia. Kalibening Village, Dukun District, Magelang Regency, Central Java, is an area under the slopes of Mount Merapi. Kalibening Village is located approximately 50 km from Yogyakarta City, or about \pm 15 km from Magelang City. For the most part, the people of Kalibening Village are farmers who cultivate the land for rice and field farming. Paddy fields and fields are a place for farming for the local community and are the main livelihoods for part of the local community.

The tourist village offers a new experience, living in harmony with rural nature, breathing fresh air, away from pollution and noise, feeling and being involved in local community activities, in the sense that tourists do not just see the beauty of nature, but can live in it. Tourists can fully feel and enjoy the nature and socio-culture of the village.

From these considerations, that this tourism village has become a fostered village, then a further stage of socialization was held for finishing the pendopo of the Kalibening Tourism Village Area, Dukun District, Magelang Regency for the Empowerment of Local Communities whose goal is to support the Kalibening village program in the framework of forming Kalibening Tourism Village, Dukun District.
