

Pelatihan Menulis Cerita Rekaan bagi Siswa Kelas VI SDKE Mangunan Yogyakarta

by Dr. Widyastuti Purbani, M.A

ABSTRACT

The program was aimed at introducing basic concepts fiction and writing fiction and training how to write fiction to sixth-grader students of V SDKE Mangunan Yogyakarta. The method employed in this program was intensive training which combined theoretical aspects and writing practice. Participants of the program were introduced to basic concepts of writing fiction and given opportunity to apply their understanding on the concepts, as well as their imagination, in writing. The writing practice was conducted in three stages; making draft or outline of story, expanding ideas and finalization. The result of the program showed; 1) participants/students were able to comprehend basic concepts of writing fiction, and 2) participants/students were able to produce short fiction writing based on their understanding of the concepts of writing fiction.

Kata Kunci: *writing fiction, fiction, creative writing*
