

EDUCATION LEARNING OF ARTS IN ARTS FORM FOR BASIC SCHOOL TEACHERS BASED ON 2013 CURRICULUM IN YOGYAKARTA

by Prof. Dr. Dra. Trie Hartiti Retnowati, M.Pd, Drs Bambang Prihadi, M Pd Drs. Darumoyo Dewojati, M.Sn

ABSTRACT

The purpose of this service program is: 1) Providing counseling about concepts and strategies of forming learning for elementary school teachers in accordance with 2013 Curriculum. 2) Providing a work experience to form teachers directly as a basis for teaching skills to form elementary students in accordance with the 2013 Curriculum. The method used includes presentation activities and discussions about creative learning to form and practice work activities to form a direct experience for the teacher about the process of making forming works (simple sculptures). All creative learning participants art forming based on 2013 curriculum in the Yogyakarta municipality managed to create a form of work (simple sculpture), understand the learning material as insight and with direct experience in making work, besides teachers can acquire the skills needed to guide students in creating.
