

TRAINING OF THE DEVELOPMENT OF INNOVATIVE LEARNING MEDIA IN MTs IN BANTUL DISTRICT AS EFFORTS TO IMPROVE INDONESIAN LEARNING IN THE MILLENNIAL ERA 4.0

by Kastam Syamsi, Ari Kusmiatun, Setyawan P., Dwi Hanti Rahayu

ABSTRACT

The purpose of this activity is to equip Indonesian language teachers in junior high schools to be able to develop and apply innovative learning media in learning Indonesian in the classroom so that the learning atmosphere is more active and vibrant. The form of this activity is training. The training activities are carried out systematically, from theoretical to practical activities, using lecture, question and answer, practice, and brainstorming methods accompanied by mentoring. The training participants consisted of 40 Indonesian teachers. This program activities carried out for 2 days, on March 26 and April 2 2019. The place of activity in MTs Negeri 6 Bantul.

The program has been implemented well. There are 40 participants who can actively participate in activities from the beginning to the end. Participants came from 40 schools / agencies. Participants get theoretical and practical material related to the development of innovative learning media in the Indonesian language class. Active and enthusiastic participants. The results of the activities show they can achieve results above the target. As many as 85% of participants have understood the curriculum and Indonesian language material and detected the need for appropriate Indonesian language learning media. Meanwhile, 100% have been able to identify, choose, create, develop, and apply creative and innovative Indonesian language learning media. From the implementation of the training activities, it can be concluded that the training activities in the PPM program this time are running well and smoothly. Efforts to equip teachers with insights on innovative learning media have been achieved. The teachers have a new outlook and better understanding related to Indonesian language learning media.
