ABSTRACT

Abstrack

Learning activities need to use appropriate teaching materials as learning guides and as a means of mastering various competencies. Learning conducted by the teacher in accordance with the independent curriculum which is complemented by Pancasila student profiles is expected to guide students in mastering learning material while at the same time trying to strengthen the character of Pancasila student profiles in learning activities. Through the use of teaching materials in the learning process it is hoped that it can strengthen the character values ??in it. The implementation of this community service program (PkM) seeks to provide solutions for how character education in accordance with the Pancasila student profile is instilled through the use of teaching materials that contain Pancasila student profiles in the learning process, through training in preparing teaching materials in strengthening Pancasila student profiles for elementary school teachers.
