### **ABSTRACT**

The objective of the *PPM* activities of the French Language Education Department FBS, UNY is to promote the French Language Education Department of FBS, UNY and to motivate students to master French well and be able to improve their quality in the field of French. At first, this activity was a French-language song competition for a high school level, but in its implementation, this competition turned into a creative video competition in French for students. This is because of the Covid 19 situation does not allow offline meetings. This PPM is in the framework of the Olympic Games which is a routine activity by French language education every 2 years. The program is creative video competition. It was attended by 20 students from universities in DIY. This activity was also in line with the Olympiad held by IFI in Jakarta. In this activity the French Language Education Department collaborated with IFI. Each student sent a video to the committee. Then the committee made a selection through the jury appointed by the committee and sent the results of the assessment to the committee based on predetermined assessment rules. Based on the assessment given by the jury, the winners in this competition which was carried out by the French Language Education Department, FBS UNY were: 1st place by students of SMA N 6 Yogyakarta. Second place winner was students of SMK N 6 Yogyakarta. The third winner was students from MAN I Yogyakarta. The first runner up was won by students of SMK N 4 Yogyakarta. Second runner up was won by students of SMA N 9 Yogyakarta. The 3rd runner up was won by students of SMA N 1 Kalasan
