ABSTRACT

This Community Service Activity has three series of workshops, namely the theoretical material on Traffic Ethics or ELL, Guided Practice Guiding RPP for Traffic Parks (TLL), and Practice / Implementation of RPP in TLL. The PPM target subjects are Kindergarten teachers in Yogyakarta. Schools use TLL only for Polisi Sahabat Anak (PSA) activities as long as they have not received training. The results of this training, teachers can design and implement lessons using TLL in various themes of kindergarten learning, not only in PSA activities
