## **ABSTRACT**

The purpose of this community service program is to improve the ability of teachers in preparing HOTS questions for economic subjects. The method of implementing this activity uses the lecture, mentoring, and evaluation methods. The results of this community service activity are as follows: 1) The training participants are enthusiastic in participating in the training, this is shown by 100% of the participants wanting the training to be carried out again in the next period (44.8% agreed to hold another training, and 55.2% stated strongly agree that more training will be held), 2) Assistance in the preparation of HOTS questions went quite well, because there was an increase in the ability of teachers to classify questions, and 3) In general, this series of community service activities went well. The results of the activity evaluation consisting of activity evaluation, facilitator quality evaluation, and participant satisfaction evaluation stated positive results.
