

Rugby Socialization for Elementary School Physical Education Teachers in Temanggung Regency

by Prof. Dr. Wawan Sundawan Suherman, M.Ed, Sulistiyono, S.Pd., M.Pd., Duwi Kurnianto P, S.Or., M.Or

ABSTRACT

Rugby is a sport that is developing in Indonesia, Rugby Sports began to take part in the 2016 PON exhibition in West Java, and most likely will compete officially at PON 2020 Papua. The results of the interview with the head of the KKG, Kaloran Subdistrict, Temanggung District, it turns out that the majority of Penjasorkes Teachers in Temanggung Regency do not know Rugby, let alone have played Rugby. Rugby can be an option in the game in Teaching and Learning activities. This Community Service Program is implemented 2 days namely Wednesday and Thursday 19 and 20 June 2019, in collaboration with the Rugby Student Activity Unit of Yogyakarta State University. The presenters of this socialization are Mr. Abdul Mahfudin Alim, S.Pd, M.Pd who is a supervisor of UNY Rugby UKM which is assisted by 2 Rugby UKM students. The PPM implementation was carried out in Classrooms and Fields at SD N 3 Getas, Kaloran District, Temanggung Regency, Java Province The middle. Participants who attended this socialization were 25 people consisting of elementary / MI Physical Education teachers, in Temanggung Regency in general and Kaloran District in particular. Participants who attended were 23 people from 25 teachers who were members of the Primary School Teacher Working Group (KKG) in Kaloran district. Participants really appreciate this socialization activity and hope that there will be another opportunity for socialization like this, the obstacle and obstacle is the lack of standard playing field for Rugby so the speakers make modifications and adjustments of the material during practice
