

THE ROLE OF PANCASILA VALUES IN GROWING A SENSE OF NATIONALISM AMONG STUDENTS

by Sunarso, L.Hendrowibowo,Muhammad Saiful Anwar

ABSTRACT

Nationalism is a mental attitude and behavior of individuals or communities that shows high loyalty to their nation and country. Strengthening nationalism is very important to form ways of thinking, behaving and acting that show loyalty, concern and high appreciation for the nation's language, physical, social, cultural, economic and political aspects, placing the interests of the nation and state above the interests of the nation and state. self-interest and that of the group. . A nationalist attitude is demonstrated through respect for one's own nation's culture, safeguarding the nation's cultural riches, willingness to make sacrifices, achievement and achievement, love for one's country, protecting the environment, obeying the law, discipline, respecting culture, ethnic and religious diversity.

This research aims to explore the role of Pancasila values ??in fostering a sense of nationalism among students. The research method used is a qualitative research method.

The research results show that the role of Pancasila values ??can provide a spirit of nationalism for students in everyday life. Students feel connected to the identity of the Indonesian nation, appreciate cultural diversity, and are committed to contributing positively to building a just, democratic and progressive country. Pancasila can also be the basis for creating unity and oneness amidst the differences that exist in Indonesia, which is one of the important pillars in forming a sense of nationalism.
