

## **pelatihan Daring Menulis Esai Bertema COVID-19 bagi Siswa SD Ta'mirul Islam Surakarta**

**by Eko Rujito, M.Hum., Dr. Widyastuti Purbani, M.A., Donald Nababan, M.Hum., Ari Nurhayati, M.hum**

### **ABSTRACT**

The program was aimed at introducing basic concepts of essay writing and training sixth-grader students of Ta'mirul Islam Elementary School Surakarta to write essay on COVID-19. The method employed in this program was intensive online training which combined theoretical aspects and writing practice. Participants of the program were introduced to basic concepts of writing essay and given opportunity to apply their understanding on the concepts on their essay on COVID-19. The writing practice was conducted in five stages; brainstorming, planning, drafting, revising, and rewriting. This process was followed by publishing students' essays in the form of book containing compilation of the students' essays. The results of the program showed; 1) participants/students were able to comprehend basic concepts of writing essay, and 2) participants/students were able to apply their understanding of essay writing in their essay on COVID-19.
