ABSTRACT

The purpose of implementing this community service activity (PPM) is to provide increased understanding, knowledge development, and assistance to the Kalibening Village community regarding the construction of a park in the Kalibening tourist village, Dukun District, Magelang Regency. In summary, it can be said that it is an effort to empower local communities to exploit the potential of this location to become a tourist village. This area has the potential to become an agro-tourism area, because in addition to its cool location on the slopes of Merapi, there are also local arts and cultivation of salak pondoh plants.

In the implementation of this PPM activity, several approaches were made to support the implementation of PPM, such as training and mentoring. In its implementation, Kalibening Village residents receive training on the understanding of Tourism Village residents, building / providing infrastructure so that a tourist village can be formed that emphasizes local characteristics. The series of PPM activities does not only include training activities, the next activity carried out as an effort to develop the existing gardenization in Kalibening village is to provide assistance to the community in the construction of elements of the Tourism Village Park.

Based on the results and discussion on the implementation of the Kalibening Tourism Village Parkization Development activities, Dukun District, Magelang Regency, it can be concluded that overall PPM activities are welcomed by all the people of Kalibening Tourism Village. Therefore, all programs run well, accompanied by enthusiastic public interest in the parkization process. In addition, this PPM activity also received a good response from all parties such as youth, social organizations, and village community leaders.

Kata Kunci: *gardenization, tourism village, empowerment of local communities.*
