

TRAINING ON PACKING CULTURE-BASED ART ASSESSMENT INSTRUMENTS FOR KINDERGARTEN TEACHERS IN CIPAKU DISTRICT, CIAMIS REGENCY, WEST JAVA

by Harun R, Joko Pamungkas, Amir Syamsudin, Ummu Hanifah, Septika Cahya Rahmawati

ABSTRACT

This community service program aims to improve human resources, especially PAUD teachers in developing art assessment instruments based on local culture in Cipaku District, Ciamis, West Java.

This community service method and model uses a structured workshop model and practical training with the target of this PPM activity being PAUD educators in Cipaku Ciamis Regency, West Java, totaling 40 people with training designs using lecture, question and answer methods, demonstrations and direct practice.

The results of this activity showed that the enthusiasm of the teachers, totaling 40 participants, was quite high when attending the workshop. This training produces art content products, namely the creation of animations for early childhood learning and the development of local culture-based art assessment products. based on local culture.
