

Workshop on Movement and Tradition-Based Happy Songs for IGTK Teachers in Kapanewon Pakualaman, Yogyakarta

by Sutiyono, Trie Wahyuni, Ni Nyoman Seriati, Titik Agustin, Herlinah

ABSTRACT

The purpose of community service through "Traditional-Based Movement and Happy Song Training for IGTK Teachers in Kapanewon Pakualaman Yogyakarta is to foster and develop the creativity of traditional movement art and songs.

This PPM procedure provides guidance and develops traditional artistic creativity. The target for developing the art of movement and song is IGTK teachers from Kapanewon Pakualaman Yogyakarta, 31 people. The implementation of this community service took place at the GK I Building, 2nd floor, FBSB UNY. The methods used in PPM are lectures, questions and answers, demonstrations, presentations, and direct evaluations.

The results of PPM through "Traditional-Based Movement and Song Training" stated: (1) Guidance and development of artistic creativity for IGTK teachers throughout Kapanewon Pakualaman Yogyakarta to train traditional movements and songs. (2) In this PPM it was seen that the participants consisting of IGTK teachers who looked very enthusiastic about participating in the movement training workshop and traditional songs. It was evident that the training participants on the day of the PPM were present (100% attendance) according to the invitation, not a single person was unable to attend. This indicated that the IGTK teachers were enthusiastic about participating in movement and song training.
