

Religi Kultural dan Rempah Kultural sebagai Media Pencegahan dan Trauma Healing Wabah Covid 19

by Prof. Dr. Dra. Suharti, M.Pd., Prof. Dr. Drs. Suwardi, M.Hum., Drs. Sukisno, M.Sn., Erna Istikomah, S.S. M.A.

ABSTRACT

The audience involved in the implementation of this PPM is high school seniors in the Yogyakarta region. Through various observations, 5 (five) partners were determined in this service, namely: SMA Negeri 1 Pengasih, SMA Negeri 1 Kasihan Bantul, SMA Negeri 10 Yogyakarta, SMK Negeri 1 Seyegan Sleman and SMA Negeri 1 Rongkop Gunungkidul. This activity is intended to provide an understanding to high school students that Javanese culture has local wisdom for the prevention and trauma healing of the Covid 19 outbreak. The method of activity is a talkshow packaged online. Held on October 13, 2020 online, via google meet. Participants actively participate and are enthusiastic about practicing cultural religion and cultural spices as a guide for prevention and trauma healing of the Covid 19 outbreak.

Kata Kunci: *Javanese culture, prevention, trauma healing, Covid 19, cultural religion, cultural spices.*
