

TRAINING FOR IMPROVING THE QUALITY OF CHILDREN'S GARDEN AND DEVELOPING PROGRAMS OF EXCELLENT ARTS OF EARLY CHILDREN AT GUNUNGKIDUL SOUTH COAST KIDS GARDEN INSTITUTION.

by Joko Pamungkas, Amir Syamsudin, Prayitno, Sudaryanti Harun R, AD Dieni Maulana Rizka Septika Cahya Rahmawati

ABSTRACT

This training aims to improve human resources in the coastal area of ??Gunungkidul Yogyakarta with a workshop model. The target of this training activity is 75 Kindergarten teachers from the association of kindergarten teachers in Saptosari, Panggang and Purwosari sub-districts, Gunungkidul district, Yogyakarta Special Region. This training activity is carried out in the form of hands-on practice using lectures, questions and answers, demonstrations, and practice methods. The steps taken in this training include: preparation, implementation, evaluation. The result of this activity is in the form of creative, innovative, and productive art learning packaging activities consisting of the stages of appreciation, expression and creation in art learning in kindergarten. Based on the results of the evaluation, all training participants gave a positive appreciation for the implementation of this training. Hopefully in the future it can take place again.
