

UPSKILLING TRAINING FOR PRIMARY LEVEL SCHOOL TEACHERS, AND SECONDARY SCHOOLS WORKING WITH JEDDAH INDONESIAN SCHOOLS

by Darmono, Siswantoyo, Faqih Ma'arif, Slamet Widodo, Maris Setyo Nugroho, dan Sutikno

ABSTRACT

ABSTRACT

This service aims to increase the capacity of elementary and middle school teachers at the Jeddah Indonesian School in collaboration with Yogyakarta State University in the field of improving human resources, especially for Overseas Indonesian School teachers in Jeddah. The method used is zoom-based online training which includes computer network training, information technology training with an emphasis on three main themes including ecommerce, computer networks and logistics management. The results obtained from this training program are an increase in the quality of primary and secondary level teachers at the Jeddah Indonesian School in the fields of e-commerce, computer networks and logistics management.
