

Training on Writing Scientific Papers for AUD Educators to Improve Academic Competence.

by Puji Yanti Fauziah, Iis Prasetyo, Rina Wulandari

ABSTRACT

The Training on Writing Scientific Papers for AUD Educators to Improve Academic Competence began with a training request from HIMPAUDI Pathuk Gunungkidul. The training was attended by 50 AUD educators who were civil servants. The training was conducted to improve the skills of the AUD Educator in conducting Classroom Action Research and Producing an article for the benefit of the rank of educators. The training was designed for two days, the first day of theory and the second day of direct practice in making articles. The training was held at the end of July and was opened by the AUD Supervisor of the Pathuk sub-district and took place at the ABA Kindergarten NGoro Oro Pathuk Gunung Kidul, attended by 50 participants. Only one group succeeded in producing a complete proposal. From the results of the training it can be concluded that, in theory the AUD educator has mastered the research stages, but in practice requires intensive training and guidance.
