

# **DANCE TRAINING IS AS A VILLAGE TOURIST ICON KALIAGUNG KECAMATAN SENTOLO KULON PROGO DISTRICT**

**by Dra. Enis Niken Herawati, M.Hum, dkk**

## **ABSTRACT**

The purpose of Community Service activities carried out by the PPM team of the FBS-UNY Dance Arts Education Department is so that the community has an appreciation of art to elevate the local culture in the Sentolo area as an icon of the tourist village. Community Service Activities are carried out in the form of Workshops and Training. The training lasted for one month every week of the night held in Nglotak Kaliagung Village which was followed by some people where the fathers focused on music training while the girls were focused on dance. The PPM team prepares the Bergada Nyi Ageng Serang dance material which is taught gradually as well as the music.

The results of the Community Service activities were then staged to support tourism in the Nglotak Village which was held in conjunction with the village's clean program and received a positive response from the local Village Head and the Head of Culture. It is hoped that this kind of devotion will continue to further activities with different material.
