ABSTRACT

It is hoped that this digital-based project to strengthen the profile of Pancasila Students can be a means of connecting the real and virtual dimensions, considering that human interactions are now mostly carried out on social media. Considering the importance of this, the research team will provide a form of training in developing the Project for Strengthening the Profile of Pancasila Students at the Darul Ulum Islamic Boarding School, Peterongan, East Java. The partner in this PKM activity is the Darul Ulum Islamic Boarding School which is located in Peterongan, Jombang, East Java. The methods used in this PKM activity are training and workshops. The training and workshops were carried out by means of interactive lectures, practices and mentoring. This method was chosen to convey theories and concepts that are basic and important for understanding and being mastered by training participants. Community service activities were carried out on Thursday, July 13 2023 offline at Darul Ulum 2 High School, training activities for the development of strengthening the digital-based Pancasila Student Profile delivered by a number of teachers, school principals and heads of the Darul Ulum 2 Islamic Boarding School Foundation. delivered in PKM activities with the theme Training for the Development of Digital-Based Pancasila Student Profile Strengthening Projects at the Darul Ulum Islamic Boarding School, Peterongan, Jombang, East Java, including the following. Project for Strengthening the Profile of Pancasila Students in Education Units, Urgency Project for Strengthening the Profile of Pancasila Students in Education Units, Project for Strengthening the Profile of Pancasila Students on a Digital Basis, and Development of the Project for Strengthening the Profile of Pancasila Students on a Digital Basis.
