## **ABSTRACT**

Wonolelo is one of the villages in Sawangan Subdistrict, Magelang Regency. Wonolelo has various tourism potentials, so the number of tourist visits in the area continues to increase. The existence of a Tourism Awareness Group (Pokdarwis) is a necessity, especially since Wonolelo is a village with potential hazards and disasters that need to be watched out for. Therefore, Pokdarwis as well as the Disaster Risk Reduction Forum (FPRB) need to be developed, trained and empowered, and optimized through training, development and empowerment activities based on Disaster Resilient Villages.
