

# **Classroom Action Research Training for Teachers in the Muhammadiyah Basic Education Unit of Jatinom Klaten**

**by Syukri Fathudin Achmad Widodo**

## **ABSTRACT**

The purpose of this community service activity is to provide Classroom Action Research (PTK) training for teachers in the Muhammadiyah Basic Education Council, Jatinom Klaten, Central Java. Activities carried out by lecture method, question and answer, direct practice and technical guidance .. From the results of this training it can be concluded that 1). The implementation of the training can improve participants' skills in understanding and compiling classroom action research proposals. 2). Classroom action research training has high effectiveness because teachers in the Muhammadiyah Elementary Education Council Boarding Unit Jatinom Klaten need these training materials to improve their professionalism
