

## **Training and management of primary school sports clubs**

**by lismadiana, ria lumintuarso, agung nugroho**

### **ABSTRACT**

This sports club management training is a training process whose results cannot be immediately seen. This activity can be said to be successful, if after this activity the participants can apply in managing sports clubs in their respective schools and apply in the training process. For schools that have not yet formed clubs in elementary schools, the service team carries out assistance related to the formation of the sports club.

All training materials and strengthening of planned sports club management can be presented according to plan. Directly the participants were enthusiastic to ask questions regarding the issue of the implementation of a sports club in his school. And also the problem of forming a sports club.

This activity also included parties related to sports clubs, in this case with the Dispora Gunungkidul and the KKG Penjaskas Gunungkidul district. The participants in this activity are teachers or trainers from the elementary school in Gunungkidul, which are in accordance with the plans set by the service team. All participants welcomed the training, because this training could be used as knowledge and skills in carrying out sports clubs in their respective schools. The participants sincerely hope that similar training activities or those that support sports club activities related to management and implementation of the training process can be carried out on an ongoing basis.
