ABSTRACT

Petanque is a boules game where the aim is to throw an iron ball as close as possible to a wooden ball with your feet in a small circle. The human resources needed include: athletes, coaches and arbitrators. Athletes must have a good understanding of the rules of petanque matches, but most DIY athletes still do not understand the complex rules of these matches. With this gap, the community service had the idea to "socialize the rules for petanque competitions for DIY athletes". It is hoped that this outreach in the Special Region of Yogyakarta will be able to improve the quality of understanding of Petanque athletes in Yogyakarta in particular and Indonesia in general. Objective: This community service (PkM) activity was held with the aim of (1) To provide an understanding of the Petanque Competition Regulations for DIY Athletes and (2) To improve the quality of Yogyakarta Special Region Petanque Athletes. Method: implementation of community service is provided by conducting outreach by directly bringing in licensed DIY PON trainers. Results: The series of Master's Institutional PPM activities carried out by the Faculty of Sports Science received good appreciation from the participants. Arbitration outreach activities will be held on Saturday and Sunday, 26-27 May 2023. On Saturday, 26 May 2023, the activity will consist of providing classical material. And on May 27 2023, practice will be held on the petanque field. This activity was attended by 28 participants spread across several This activity was attended by 28 participants spread across several districts and cities throughout DIY.
