

THE DEVELOPMENT OF SIMPLE FINANCIAL MODEL FOR CANDLE CRAFTERS IN NGBEL CILIK VILLAGE, SARDONOHARJO, NGAGLIK, SLEMAN, YOGYAKARTA

by Naning Margasari, Winarno, Lina Nur Hidayati

ABSTRACT

Community service activity was aimed at the candle crafters in Ngebel Cilik Village, Sardonoarjo, Ngaglik, Sleman, Yogyakarta. The objectives to be achieved from this community service activities are: Equip wax craftsman in Ngebel Cilik village, Sardonoarjo, Ngaglik, Sleman Yogyakarta with the preparation of simple financial model to improve business competitiveness.

The method used in this community service activity was a varied lecture conducted at the beginning of the training as an introduction to the importance of business finance management, so that with this method the trainee will gain a sufficient understanding of the benefits of financial recording. In addition, the practice of preparing a simple financial report in which trainees was invited to jointly create business financial statements.

The results of community service activities are evaluated through the success of the target number of trainees, the achievement of the training objectives, the achievement of the planned material targets and the ability of the participants in the mastery of the material. This community service activity was attended by 25 participants. Thus it can be said that the target of the participants achieved was 83.3%. Achievement of this training objective was a group of candle crafters in the village of Ngebel Cilik Sardonoarjo Ngaglik Sleman able to make a simple financial record. The devotional team has provided material on financial and marketing recording so that the achievement of training objectives is considered successful. Achievement of material targets on PPM activities is considered good enough, because the training materials have been delivered entirely. Similarly, the ability of participants viewed from the mastery of the material is good enough.
