

# TRAINING OF MAKING BATIK “REMUKAN” (BATIK CRACK) FOR STUDENTS SMK DIPONEGORO DEPOK SLEMAN

by Sugiyem, Sri Widarwati, Emy Budiastuti

## ABSTRACT

The purpose of this training activity is to provide knowledge and skills to make batik *remukan* as a continuation of the process of making batik *colet* and batik *jumputan*. The target of the activity is class XI students of the Boutique Clothing Department at SMK Diponegoro Depok Sleman.

The method used in this training activity was a lecture to convey the theory of batik *remukan*, demonstration of making batik *remukan*, and the practice of making batik scarf with crushing technique using paraffin. Participants practice *nglowong*, *nerusi*, applying paraffin, dyeing basic colors and removing batik candles. The color used is naphthol with one dye.

The results of the activity: (1) The implementation of practical activities to make a scarf with a crushing technique which was attended by 30 students. (2) The training of students in making scarf with the technique of batik crushing. Based on the evaluation of the process of attendance the participants during the training are 100% fulfilled. While based on the results of 52% student practice, the students tunnel in good categories while 48% are in the fairly good category. Based on the combination of *klowongan* and *remukan* 76% are in the good category, 24% in the sufficient category. In terms of neatness as much as 68% of students are in the good category while 32% are in the sufficient category.

Kata Kunci: *training, batik remukan*
