ABSTRACT

The era of globalization as it is now, a lot of negative influences on the country one of which is the fading of the noble values inherent in a country, and even this is happening in Indonesia today, using the global contribution of globalization. Reporting from Nur Habibie (Merdeka.com, 27 March 2018) discussed the whole of 2017, discussed 155 freedom of religion and belief in 29 provinces in Indonesia. The data shows that cases of intolerance are very widespread in Indonesia, and that is one example of the nationalism of some people in Indonesia. students will be implanted with the same attitude. This greatly reduces the sense of nationality itself, asking teachers to exemplify love for the motherland by having a higher sense for all Indonesian people. This is the importance of developing national values through education in special schools learning social studies in junior high schools, because without the national values that continue to be instilled in students, the next generation of the nation will be vulnerable to using the current of the times. While the nationality value that will be emphasized in this research is the nationality value of Ki Hajar Dewantara as the father of education and one of the founders of the Republic of Indonesia. Ki Hadjar Dewantara is Taman Adults Middle School. Therefore, this research is aimed at studying special national education in social studies learning at Tamansiswa Junior High School. This research method uses descriptive qualitative research. Data collection techniques in this study were observation, interviews and documentation.

Data presentation techniques use descriptive and check the validity of the data using triangulation. Data analysis techniques in this study used interactive analysis.

The nationality values of student security are sourced from national nationalities. Education in Taman Siswa which is based on nationality is not only based on group nationality, but is based on nationality. The national values developed at Taman Adults Middle School, Ibu Pawayatan, are love, love for the land, agreeing, coordinating, virtuous character, unity and mutual protection.

Kata Kunci: *Value of Nation, social science learning*
