

Implementation of the National Revolutionary Movement Mental State Government Agencies Yogyakarta

by Lena Satllita dan Anang Priyanto

ABSTRACT

The study "Implementation of the National Revolutionary Movement Mental (GNRM) Apparatus Government Yogyakarta City" aims to determine GNRM implementation in the City Yogyakarta and barriers-existing obstacles in the implementation of GRM. This study design using qualitative methods, while descriptive research. Subject research project from the elements of the district secretary, SKPD (Office), UPT (Agency). Instruments in this study is the researchers themselves who actively collect data in the field, to see firsthand and research interviewing informants. collection techniques Data is focus Group Discussion (FGD), interview, observation and documentation. Technique Data validity checking is done with triangulation techniques, the triangulation of data sources, compare and check to return degree of confidence in the information. Mechanical Analysis data use interactive model of Miles and Huberman (1992), which includes four stages of data analysis, namely: (1) data collection, (2) data reduction, (3) presentation of data, and (4) conclusion. The results showed that (1) the National Movement Revoluyion Mental Apparatus City Government can not be separated from the Reforms, Culture and Movement satriya Segoro Amarto. (2 /) Implementation of Mental Revolution Yogyakarta City Government Personnel do through changes and strengthening the character / mental, internalization-the value in culture Satriya government work, Segoro Movement Amarto, values-strategic value Revolution Mental namely integrity, work ethic, mutual assistance in every step of SKPD / government institutions Yogya City Government Yogyakarta. Referring to the theory of Public Policy Implementation Model George C. Edward Mental Revolutionary policy has been communicated ASN in Yogyakarta city government through meetings, bimtek, socialization, Ceremonies, posters, manuals, websites, broadcasting radio, pin, Bimtek, Bintal, and Workshop. The resources include staff, funding, authority, facilities for perform adequate mental Revolution movement although there is no special fund of the same name with movement. Mental Revolution Movement addressed positively by officials in municipal government Yogyakarta, organizational structure no special team GNRM, but are implemented by all SKPD and UPT with leading sector Organizations section. Factors supporting the success of the movement mental revolution in municipal government Yogyakarta is their commitment to leadership / Mayor, the various regulations through Perwal, awareness and willingness HR (ASN) to support the movement mental revolution, and cultural work and efforts to revive, strengthen value character / mental on the apparatus and the public, who have been there and takes place before their the movement's National mental revolution. Factors inhibiting namely the lack of regulation on the implementation guidelines implementation Mental Revolutionary Movement, overlapping regulation at central and regional level In addition, in terms of human resources, seen from the workload is still limited in quantity and quality still needs to be improved according to the demands of the development of the Organization.
