

**BLENDED LEARNING IMPLEMENTATION SPECIAL NEEDS FOR DEVELOPMENT OF CHILDREN  
SPECIAL NEEDS EXTRAORDINARY EDUCATION STUDY PROGRAM POST GRADUATE YOGYAKARTA  
STATE UNIVERSITY**

**by Dr.Mumpuniarti, M Pd.**

**ABSTRACT**

The purpose of the use of blended learning courses is the Development of Children with Special Needs to improve the competency of independent learning students with broad access to learning resources. In addition, cognitive enhancement of students participating in lectures to an innovative stage creates a product of reflection on college theory. The lecture is held in a mixture of face-to-face and online. The results of the implementation of lectures produced YouTube video development interventions for students with special needs, and students were able to reflect up to the cognitive level of evaluation and create varied about the meaning of individual development as a basis for intervention of children with special needs.

Kata Kunci: *Keywords: blended learning, the meaning of development for intervention.*
