ABSTRACT

The Community Service Program (PPM) in the form of free service for conventional motorbikes aims to provide maintenance and repair services for motorbikes for people in the village of Ngalang Gedangsari Gunung Kidul. Activities carried out through the stages of location surveys and coordination with partners, seeking cooperation / sponsorship, implementing free services, evaluation and reporting. The implementation of free services is carried out on Saturday-Sunday, 22-23 August 2020 at the Ngalang Gedangsari Village Hall, Gunung Kidul. The activity began with an opening by the Head of Ngalang Village, the Head of the PPM implementation team, and the UNY Chancellor. The total number of vehicles being serviced is 75 vehicles originating from the community of Ngalang Gedangsari village, Gunung Kidul. People who take part in the free service feel happy with the activities carried out. In addition, the head of the village of Ngalang Gedang Sari also said that the activities carried out should be followed up with skills training activities for the community, especially youth.
