

CONTROL OF SEXUAL VIOLENCE IN HIGHER EDUCATION IN DAERAH ISTIMEWA YOGYAKARTA

by Anang Priyanto, Sri Hartini., Fathikah Fauziah Hanum, Ali Masykur Fathurrahman.

ABSTRACT

This study aims to describe the description of the forms of countermeasures carried out by tertiary institutions against all forms of sexual violence in tertiary institutions in DIY, also identify obstacles in overcoming sexual violence in tertiary institutions in DIY and describe efforts to overcome these obstacles.

This research is descriptive research with a qualitative research method approach. Research subjects were determined purposively with data collection techniques using interviews and documentation. Data validity checking technique uses cross check data. Data analysis was carried out inductively.

The results of this study are in the form of descriptive descriptions (1) prevention of sexual violence in higher education institutions in DIY in various ways, including through prevention by socializing in anticipation of sexual harassment, establishing regulations regarding the code of ethics for lecturers, the code of ethics for educational staff, and the student code of ethics, as well as through the inclusion character education courses into the curriculum. (2) The obstacles faced by universities in DIY in handling sexual violence are because the task force for handling sexual violence has not been formed, victims of sexual violence do not dare to report it, and socialization of prevention of sexual violence has not been carried out routinely. (3) The efforts of tertiary institutions in overcoming obstacles to overcoming sexual violence by immediately forming a Task Force for handling sexual violence on campus, routine outreach to academics and education staff regarding the prevention of sexual violence on campus, providing space for students to carry out academic activities as wide as possible extent to avoid committing sexual violence.
