

A Training on the Implementation of Stationenlernen Method in German Language Learning for Teachers of German Language in Yogyakarta and Central Java (Workshop for Teachers of German Language in Yogyakarta and Central Java)

by Dra. Retna Endah SM., M.Pd. et al

ABSTRACT

ABSTRACT

The objectives of this community service program are to: (1) give a clear understanding on *Stationenlernen* method, (2) provide a practical experience of applying the *Stationenlernen* method in learning German language in High School, Vocational Education and Madrasah Aliyah.

The activities undertaken in this program consists of three stages, namely (1) the delivery of introductory material about the *Stationenlernen* method, (2) practical application of the use of *Stationenlernen* method, (3) discussion on the alternative use of *Stationenlernen* method in German language learning.

The results obtained from this program are: (1) teachers of German language as the participants of this program possess a good understanding about *Stationenlernen* method, (2) teachers are able to apply the *Stationenlernen* method in German language learning.

Kata Kunci: "*Stationenlernen*" Method, German Language Learning
